

Assessment Committee meeting with John Sterlacci on 08Mar05.

## Data Collection Being Done– Mostly Quantitative

Materials purchased (by department/discipline)

Circulation (by department/discipline)

Gate count

Online usage (not available for all databases)

Reference questions (not recorded consistently)

Instruction sessions (not recorded consistently)

Number of students completing instruction sessions (not recorded consistently)

ILL:    Loaned

        Received

Catalog records added to database

Staff survey (2003 and 2004 only at this point)

Preservation

Gifts/Donations

Items reshelved (not an exact count of items browsed)

Count of journal issues received

Items deaccessioned

Budget:        Equipment

                  Supplies

                  Operations

                  Charge backs

                  Human resources

                  Materials

## Data Collection Desire – Mostly Qualitative

Evaluate for usability first, then evaluate for satisfaction

### Faculty:

    Need data by department/discipline

    Research and teaching needs

    ¿Short survey at department meetings?

### Graduate Students:

    Dissatisfied with non-enforcement of food/drink/noise policies

### Undergraduate Students:

    Dissatisfied with enforcement of food/drink/noise policies

    Instruction outcomes

### Staff:

    Unhappy at being expected to enforce food/drink/noise policies.
